STRENUOUS SCHEDULE

Judge De Bolt Has Laid Out His Work.

All Having Suits Before Him Must Watch the Clock.

New Suits and Various Papers Filed the Last Day of the Year.

Judge De Bolt has intimated well in advance that, for his part in the business of the January term, he will put into force the strict rules of method and punctuality which characterized his court through the September term. Yesterday he caused Clerk Kellett to post the following order:

1. All parties in interest are hereby notified that until otherwise ordered, during the January term, 1904, the First Judge of this court will hear ex parte motions and other short matters each morning from 9 to 9:30 o'clock, upon previous arrangement therefor.
2. At 9:30 a. m., each day, from and after the 18th day of January, 1904 (except on Monday of the said Judge's week at chambers and on Saturdays), jury trials will be taken up and continued, to the exclusion of all other matters for the day.
3. Recess from 12 m. to 1:30 p. m., court adjourning at 4 p. m. for the day, unless otherwise ordered.
4. The jury will be excused at 4 p. m., Monday following, except when it is said Judge's week at chambers, when the jury will be excused until 9:30 a. m., Tuesday following, unless otherwise ordered.
5. On Saturdays from 9 a. m. to 12 m., motions, demurrers and other matters, not requiring a jury, will be heard.
6. On Monday next, January 4, 1904, at 9 a. m., the odd-numbered cases on the jury-waived calendar will be called for the purpose of having them set down as ready for trial or other proper disposition; at the close of such calling the Court will proceed at once with the trial of causes in their order.
7. The first and second weeks of said term will be devoted to the hearing of jury-waived cases, ex parte and other short matters.
8. At 9 a. m., on Saturday, January 9, 1904, the civil jury calendar will be called for the purpose of having cases set down as ready for trial or other proper disposition. Each case will be taken up in its order when reached regardless of the manner of the disposition of preceding cases.
9. The calendar will be called from time to time as occasion requires, of which calling counsel will be notified through the press and otherwise.
10. The Court will not entertain any motions or applications for delay or continuance except upon good and sufficient cause therefor shown by affidavit or otherwise appearing. Economy is at all times desirable and commendable, but, owing to the vast amount of business now before this Court together with the limited appropriations to carry on the same, it becomes highly important to strictly observe this rule.
11. On Monday, the 18th day of January, 1904, at 9:30 a. m., the jurors summoned for said term will appear, at which time the Court will proceed with jury trials.

ANSWER AND DISCLAIMER.

In the equity suit of Hoffschlaeger Co., Ltd., vs. Kealalaina Apaka, Ah Puck, Patrick Anina Yim You and P. Danson Kellett, Jr., the last named defendant, Kellett, files an answer and disclaimer. He admits that a certain conveyance dated April 9, 1902, was made by Patrick Anina Yim You to him, in trust, of property in Koolau-poko. Further he admits that on June 19, 1903, he reconveyed the same property to the said P. A. Y. You, and says that by reason of said reconveyance he had performed the duties of the trust and has been and is now released from all and further obligations and duties of said trust. Finally he disclaims any and all interest whatsoever in the property or subject matter of said suit.

EJECTMENT SUIT.

Ching Man Sing has brought an ejectment suit, claiming \$3000 damages for unlawful detention, against Mary A. Richards, Theodore Richards, Albert N. Campbell, Lewers & Cooke, Ltd., Oahu Lumber & Building Co., Ltd., and C. K. Al. The property claimed is part of Royal Patent No. 1628, Land Commission Award No. 3155 to Male, and contains one and 27-100 acres.

WRITS RETURNED.

Deputy Sheriff Albert McGurn has returned the writ of possession in the suit of David Kawanakoa and Jonah K. Kananianole against Lilia as partially satisfied. He had placed John P. Colburn, agent of plaintiffs, in possession but could find no real or personal property on which to levy for satisfaction of judgment for \$37.25 costs. The land is 55-100 acre at Wai-kiki.

Execution in the suit of Allen & Robinson, Ltd., vs. C. Klemme for \$589.27 has been returned by High Sheriff Brown as unsatisfied for lack of property on which to levy.

NOTES.

Plaintiff in the suit of Chang Woon Tong vs. Manuel Lupine, alias Rufin

Gomes, replevin for a horse, has appealed to the Circuit Court from judgment for defendant by District Magistrate L. B. Naimoa of Koolauloa.

In the assumpsit suit of Scott & Wagner vs. W. C. Achi & Co., Judge De Bolt has granted an extension of time of execution for one month.

A SAN FRANCISCO PHYSICIAN

Uses Herpicide Successfully in Treating Syphilis of the Beard.

He says: "I recently treated a case of syphilis (similar to 'barber's itch') of the lower lip, with Newbro's Herpicide. There was an extensive loss of beard with inflammation extending well down on the chin. The result of the application of Herpicide was most gratifying. The loss of beard ceased and a new growth of hair is now taking place over the once inflamed area."

(Signed) Melville E. O'Neill, M. D., "San Francisco, Cal."

Herpicide kills the dandruff germ and permits the hair to grow abundantly. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Hollister Drug Co., Special Agents.

THE MILITARY NECESSITIES OF THE UNITED STATES

(Continued from page 7)

grandizement and polyglot intercourse.

"Not to take the fruit within our grasp and annex the group now begging us to take it in would be folly indeed—a mistake of the gravest character, both for the statesmen of the day, and for the men among us of high commercial aims and great enterprises."

"Our statesmen should act in this matter in the spirit and resolve that secured to us the vast Louisiana purchase, the annexation of Texas, and the acquisition of California. The administration that secures to the United States the 'coign of vantage' in the possession of those beautiful islands will score a great measure of beneficent achievement to the credit side of its account."

"WE WANT NO JOINT PROTECTION, NO OCCUPATION THERE BY ANY EUROPEAN POWER, NO PACIFIC EGYPT. WE NEED THE GROUP AS PART AND PARCEL OF THE UNITED STATES, AND SHOULD TAKE WHAT IS OFFERED US, EVEN AT THE HAZARD OF WAR."

"Westward the star of empire takes its way. Let the Monroe doctrine stay not its hand until it holds Hawaii securely within its grasp."

"In this matter the undersigned speaks from personal knowledge, gained through official visits to the islands in 1874 and 1882."

(Sen. Com. of F. R. on H., Vol. 1, p. 169, and Boston Herald, Jan. 31, 1893.)

A Wonderful Discovery

This is the age of research and experiment, when all nature, so to speak, is ransacked by the scientific for the comfort and happiness of man. Science has indeed made giant strides during the last century, and among the by no means least important discoveries in medicine comes that of Herpicide, his preparation is unquestionably one of the most genuine and reliable Patent Medicines ever introduced, and has, we judge, been used in the Continental hospitals by Ricord, Rosset, Robert Velpeau, Ma sonneuve, the well-known Chas. Saignes, and indeed by all those who are regarded as authorities in such matters. In using the celebrated Lili-mand, and Roux, by whom it was some time since uniformly adopted, and that it is worthy the attention of those who require such a remedy we think there is no doubt. From the time of Aristotic down to the present day, a potent agent in the removal of diseases has been the use of some powerful agent, which has been discovered or rediscovered, and has been used in the removal of diseases in all their protean forms, to leave no taint or trace behind. Such is the New French Remedy Herpicide, which may certainly rank with it not take precedence of, many of the disoveries of our day, about which no little ostentation and noise have been made, and the extensive and ever-increasing demand that has been at it for this medicine wherever introduced speaks for itself that it is destined to pass into oblivion all those questionable remedies that were formerly the sole reliance of medical men. This remedy may be obtained in England, direct from the proprietor, and of the principal Chemists and Druggists throughout the Colonies, India, China, Japan, etc. —Diamond Fields' Advertiser, Kimberley.
